

Celebrating 40 years
of filling the warmth
gap together.

Since 1982, NW Natural customers and employees have helped support seniors and families in need through donations to the Gas Assistance Program – or GAP. And **NW Natural shareholders match the first \$60k in donations!** When we join together, even the smallest donations add up.

Flip over to see how to help keep families warm this winter.

Send warmth to those in need this season.

GAP has raised over \$6.6 million for those in need to pay their heating bills. Join us with a donation to this 40-year tradition.

Your donation is fully tax-deductible.
