

SAFE, EFFICIENT HEAT FOR LESS

Gas fireplaces are safe, easy to operate and provide efficient heat at the push of a button. Save on a high-efficiency natural gas fireplace with cash incentives from NW Natural and Energy Trust.

COMFORT YOU CAN ALWAYS COUNT ON

Gas fireplaces burn with up to a 90% efficiency rating and can heat up to 1,000 square feet of living space at low cost. This means that you can turn down your thermostat and lower your utility bills.

With Energy Trust, NW Natural customers can get **incentives of up to \$400.**

To get started, visit **www.nwnatural.com/Offers**.

Incentives are subject to funding availability and may change. Some qualifications apply.
